  - Bronze - Preliminary through Pre Bronze
  - Silver – Bronze through Pre Silver
  - Gold – Silver and Above
- Beginning dance students must have passed one dance test, not an entire level, to be eligible.
- Skaters must be \*ACTIVELY working with a coach on dance lessons. \*ACTIVELY is defined as two dance lessons per month
- Skaters must have attempted a minimum of one dance test in the past year. Past year is defined as November 30, 2009 through November 30, 2010.
- After the first passed dance test, test results of pass/retry are irrelevant.
- Skaters must meet these guidelines each year to be eligible for the ice show dance numbers. Being in a previous ice show dance number does not guarantee or grandfather any skater into a dance number.
- The show committee has the final decision on the ice show dance numbers and the discretion to modify policies and criteria as they deem necessary.
